*Solutions for everyday living.*

# ABOUT US

Iris Ohyama was established in 1958 and began as a small town factory for plastic molding in Higashi-Osaka, Japan. More than 50 years since we developed our first original plastic product, we have continued to manufacture and supply a variety of both household and industrial products, such as furniture, home appliances, and hygiene products across the globe.

Provide «Solutions» across the world through a wide range of business development.

Iris Ohyama developed the world's first transparent plastic storage product. It influenced a change in the storage culture of the world.

Through 35 manufacturing and distribution sites with more than 15,000 employees across the globe, we have created a global supply network.

We carry more than 25,000 products and develop over 1,000 new products every year.

**Kentarō OHYAMA**  
Founder of Iris Ohyama Group

**Akihiro OHYAMA**  
CEO of Iris Ohyama Group

*More than sixty years of solutions  
for everyday living*

# WORLDWIDE SOLUTIONS

Since the 1990s, IRIS has expanded to China, United States, South Korea, and Europe. We now have more than 35 production and distribution facilities across 6 countries, manufacturing and selling locally for local consumption.

In 1998, IRIS expanded business to Europe by establishing a production factory in the Netherlands.

Today, in addition to manufacturing plastic products, we are expanding our business by importing and selling furniture and home appliances.

In 2019, IRIS established the second European factory in France. In addition to plastic products, we have begun local production of sanitary masks and circulator fans to further strengthen our production and distribution within the European market.

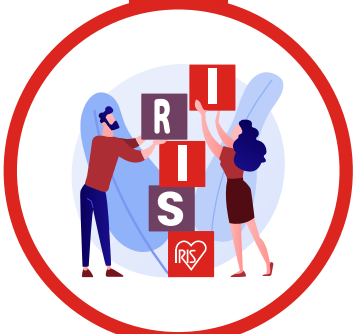

# Our Philosophy

## ORGANISE, TIDY UP, ORDER!

Our mission is to help you organise, optimise and enrich your daily life with useful objects.

We help you to put your environment in order.

## ALL SOLUTIONS ARE DEVELOPED FROM **USER-IN-CONCEPT**

We believe that manufacturing is not the goal, but the means to resolving dissatisfaction.

The solution to resolve dissatisfaction is not «make what the creator thinks is good», rather «make what the user needs».

From these ideas, product development begins

## **THE MOST IMPORTANT THING WE VALUE IS «IDEAS»**

A variety of products are being created today which began from the «ideas» of our employees.

*Living alone, living together, living as a family, simply living!*

White/Grey

# Home Appliances

The Woozoo brand from Iris specializes in fans. The various ranges on offer have won over consumers for their efficiency and unique design.

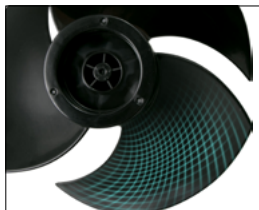

## Why choose WOOZOO?

The name «WOOZOO» comes from a Japanese word for spiral. Our circulators offer powerful spiral airflow throughout the whole room. Compact yet powerful.

### 3D BLADES DESIGN

The blades of WOOZOO are deeper than most conventional fans. Deep-pitch blades create more powerful wind streams, ensuring better air distribution while reducing the noise.

### TRADITIONAL FANS VS CIRCULATORS

A traditional fan disperses the air more widely. In contrast, a Woozoo circulator keeps the air moving and provides even comfort throughout the room.

### SPIRAL AIRFLOW

The rounded body and the spiral grill gather the air in the centre, increasing the airflow speed, and send the powerful wind stream further.

### FOR ALL-YEAR-ROUND

In summer, but also in winter. When you use heaters in winter, warm air naturally rises to the ceiling. By positioning the circulator upwards, it helps circulate warm air throughout the room.

## MAIN features INTRODUCTION

### MULTI DIRECTIONAL OSCILLATION

Provides horizontal and vertical airflow simultaneously to send the air widely.

### POWERFUL AIR CIRCULATION MODE

Quickly and efficiently circulates the air throughout the room at max fan speed.

### NIGHT MODE

Adapts the airflow volume to ensure comfortable sleep. Strong airflow upwards and lighter airflow downwards.

### DC MOTOR

Optimises performance and reduces energy consumption.

# WOOZOO®

**CIRCULATOR PCF-HE18**

Lightweight

360° vertical rotation

**FUNCTIONS**

- Speed setting : 3
- Vertical oscillation : 360° (manual) - 20 positions

**SPECIFICATIONS**

- Rated power : 31 W
- Rated voltage : 220-240V ~
- Rated frequency : 50Hz
- Product dimensions (WxDxH) : 28,2 x 21,6 x 28,7 cm
- Product weight : 1,4 kg
- Sound level : 35 dB

**CIRCULATOR PCF-SC15T**

Multi directional oscillation

Natural breeze

5 Fan speeds

Remote control

Off timer

**FUNCTIONS**

- Speed setting : 5
- Horizontal oscillation : 80° (auto)
- Vertical oscillation : 75° (auto)
- Natural breeze : Yes
- OFF timer : 1/2/4 h
- Remote control

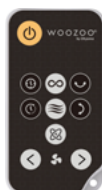

**SPECIFICATIONS**

- Rated power : 38 W
- Rated voltage : AC 220-240V ~
- Rated frequency : 50Hz
- Product dimensions (WxDxH) : 21 x 21 x 29 cm
- Product weight : 2 kg
- Sound level : 30 dB

# CIRCULATOR PCF-SDC18T

10 Fan speeds

Multi directional oscillation

Remote control

Powerful air circulation mode

DC motor

On/Off timer

## FUNCTIONS

- Speed setting : 10
- Horizontal oscillation : 60°/90°/120° (auto)
- Vertical oscillation : 60° (auto)
- Natural breeze
- Air circulation
- ON timer : 2/4/8 h
- OFF timer : 2/4/8 h
- Remote control

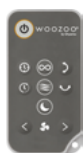

## SPECIFICATIONS

- Rated power : 35 W
- Rated voltage : AC 220-240V ~
- Rated frequency : 50Hz
- Product dimensions (WxDxH) : 26 x 26 x 36,2 cm
- Product weight : 1,9 kg
- Sound level : 35 dB

# CIRCULATOR STF-DC15T & STF-DC18T

10 Fan speeds

Multi directional oscillation

DC motor

Height adjustable

Night mode

On/Off timer

## FUNCTIONS

- Speed setting : 10
- Horizontal oscillation : 60°/90°/120° (auto)
- Vertical oscillation : 105° (auto)
- Natural breeze
- Night mode
- ON timer : 2/4/8 h
- OFF timer : 2/4/8 h
- Remote control

## SPECIFICATIONS

- Rated power (STF-DC15T) : 25 W
- Rated power (STF-DC18T) : 35 W
- Rated voltage : AC 220-240V ~
- Rated frequency : 50Hz
- Product dimensions (WxDxH) (STF-DC15T) : 24 x 24 x 60 cm
- Product dimensions (WxDxH) (STF-DC18T) : 27 x 27 x 64 cm
- Product weight (STF-DC15T) : 2,4 kg
- Product weight (STF-DC18T) : 2,7 kg
- Sound level (STF-DC15T) : 25 dB
- Sound level (STF-DC18T) : 35 dB

COMMITTED TO  
**SUSTAINABLE  
DEVELOPMENT**

## **NEW PRODUCTS**

We bring these new products to the market.

## **SORTING OF WASTE**

Recycling of products by throwing them in specific collection bins.

## **WASTE COLLECTION**

Waste is sorted and sent to conditioners and recyclers.

## **CONDITIONING AND RECYCLING**

Waste is treated and prepared for reuse.

## **REUSE OF WASTE**

We reuse these recycled materials to create new products.

# Our recycled products

## ● QUALITY CERTIFICATIONS (LABEL MORE)

Iris Ohyama France receives MORE 2023 label.

In 2023, Iris received the MORE label, which recognizes the efforts of plastics manufacturers to promote the circular economy and the use of recycled plastics in production. The MORE 2023 label recognizes our commitment to reducing the environmental footprint of our products by promoting the use of recycled raw materials in favor of environmentally friendly practices.

## ● RECYCLED MATERIALS IN OUR BLACK PLASTIC PRODUCTS

Composition: 100% Recycled Materials

Our black plastic products are made from 100% recycled materials, demonstrating our commitment to waste reduction and the preservation of natural resources.

Made of **100%** recycled plastic

## ● RECYCLABILITY: 100%

All our products, without exception, are designed to be fully recyclable, helping to create a sustainable recycling loop.

## ● PERCENTAGE OF RECYCLED MATERIALS USED

Incorporation: 20%

On all the products we offer, 20% recycled materials are used\*. This not only guarantees the quality of our products, but also our commitment to sustainable production.

\*Of the 20% used, 15% comes from recycled materials and 5% from our own waste/manufacturing scrap.
